

# CANDLEAID LANKA BOOK PROJECT 2022

CandleAid Lanka, as always, serving the less privileged people of our community, concluded yet another successful Book Project.

Due to the severe economic crisis Sri Lanka is facing that causes grave uncertainty in every sphere of life, parents face many difficulties in providing the children their basic academic needs, especially as costs have escalated steeply. After much disruption the new academic year commenced on 27 March 2023.
