Our Ref :

CANDLE AID - CANCER PROJECT

Dr.....
Consultant Oncologist
Apeksha Hospital
Maharagama

Dear Doctor,

Bearer is being treated by you. This patient is given assistance under our Cancer patients' assistance programme. It is our practice to monitor the patient as we are obliged to update the sponsor about the patient's progress. Furthermore we have come across certain parties who continued to get assistance dishonestly even after the demise of the patient.

As the consultant oncologist looking after this patient we shall be grateful if you could help us by marking ✓ at the applicable box below and advise us. We assure that your observations will be treated confidential.

Thank you
Yours sincerely,

Sunil Warnakulasuriya –
Head Health Programme.
